LEGEND
FOUNDATION
2025 IMPACT REPORT**

Award-Winning Nonprofit

www.BarracksLegendFoundation.com

THE PROBLEM:

Every day, 44 veterans take their own lives—lost to an invisible battle of PTSD, TBI, and the weight of isolation. Once on the frontlines, they now face struggles at home, from loneliness to financial and marital hardships. This crisis is a call to action—one we cannot ignore.

OPERATION DEEP DIVE™ SUMMARY OF INTERIM REPORT

THE SOLUTION:

Consistent camaraderie and belonging are key to combating veteran isolation. Thoughtfully designed experiences serve as lifelines, pulling veterans from the shadows and into a community that truly understands them. These aren't just social events—they are strategic, proactive interventions that break the cycle of isolation and mental struggle. By immersing veterans in powerful, shared experiences, we create lasting support systems that restore hope, rebuild resilience, and ultimately save lives.

OUR MISSION

Our mission is to consistently host electrifying experiences that take veterans from isolation to celebration, improving mental health and preventing veteran suicide.

OUR VISION

Our vision is to create a consistent network of electrifying experiences, supporting veterans nationwide & significantly reducing veteran suicide. By fostering an inclusive, compassionate community, we prioritize action and connection, focusing on tangible outcomes rather than mere awareness.
